Education

| **Full Stack Engineer** | **Aug 2023 - Present** |

Medieinstitutet, Stockholm

In late 2021, I took my first courses in Python and became completely hooked on problem-solving in a new domain. I couldn't get enough. Programming quickly became my biggest interest, and since then, I've spent all of my free time doing online courses, enjoying the process of building things, breaking things, and researching to find creative solutions. In autumn 2023, I made the decision to follow my passion, pivoting away from healthcare and pursuing a career in software engineering.

| **Self-paced Programming courses** | **Dec 2021 - Present** |

Varied, Online

| **BSc, MSc** | **Aug 2010 - Jul 2014** |

Bournemouth University, England, Bournemouth

Coming from a family of medical professionals the apple didn't (initially) fall from the tree. Having a curiosity for problem solving and sports I pursued a career in sports injury rehab and graduated from Bournemouth university with a MSc in Chiropractic in 2014, later opening my own clinic in 2019.

| **A level Physics, Chemistry, Biology** | **Sep 2008 - Jul 2010** |

Silverdale School, Sheffield, England

Employment

| **leg Kiropraktor** | **Jul 2010 - Jul 2019** |

Engelbrekts Kiropraktorcenter AB, Stockholm

| **leg Kiropraktor** | **Sep 2019 - Aug 2023** |

Danvik Kiropraktik & Rehab, Praktikertjänst AB, Stockholm
Working in a multidisciplinary team, high paced

| **Clinic manager, leg Kiropraktor** | **Sep 2019 - Present** |

Francis Jones Kiro AB, Stockholm
Driven my own business in central Stockholm

Courses

| **Full Stack career engineer career path, codecademy** | **Present** |

| **Diverse online courses in Python, React, Next, Node, Express** | **Present** |

From various online education platforms e.g datacamp, codecademy, freecodecamp I've enjoyed the process of being curious about an area and digging deep independently
